

## PLC-1 INTELLIGENT LEVEL CONTROLLER

### Short Description:

#### Features:

#### Intelligent Level Controller PLC-1

- Intelligent, Security
- Built in indicator – provide visual operating feedback
- Sensitive control – cut off power supply automatically in case of drainage failure
- Easy to install – Suitable for all WIPCOOL condensate pumps which have built-in safety switch

# PLC-1

### Product Description

WIPCOOL intelligent level controller is designed to solve the problem of condensed water drainage in the working process of dehumidifying equipment or refrigeration equipment. It can automatically cut off the power supply of the equipment through the built-in intelligent chip control, so as to avoid the occurrence of problems such as bubble water of the equipment on the roof of home decoration. Its appearance is exquisite and its wiring is simple, so it is the best companion of drainage pump.

#### TECHNICAL DATA :

Model	PT-25V
Voltage	230V
Power of application equipment (Max.)	3000W
Max carry Current	16A
